

6th Grade Authors in the Spotlight

Favorite Elementary Memories

My favorite memory is that when we got to go to the dam and see how fast the water comes out with only 1 foot of the dam open. Another favorite memory is when we go to the beach and have fun. I love when we did Toys in Space in Science class. When I found out that we were going to make a rocket. I couldn't wait to shoot off the rocket. I cannot wait to we get to go to the beach this year too. This year has been fun. I had fun in all my classes. It's been fun this year but it went fast.

by Johnathon Chase

In Elementary my greatest memories are Ms. Reid always trying her hardest to help me stay out of trouble. My second favorite memory is when we had the Global Play Day. I really liked it because we didn't have to do any work, which was easy.

Another memory is when we go to the beach, let loose and have fun. Also, the first time coming onto the bus. My bus driver gave me candy, and at the end of every week he gives us candy. Also at the end of the year he gives out prizes. These are most of my favorite Elementary memories.

by Trent Church

Hi my name is Kailey Crump I have had many great memories to share with you. The very first great memory was meeting such a

great person I call my best friend Brianna Parker in third grade. We are now great friends and we make tons of great memories.

Another good memory is getting to be the first class of my third grade teacher Mr. Brand he was fun and awesome. Thank you Mr. Brand for all the good memories.

Another memory is from second grade with Mrs. Mason. She made green eggs and ham the eggs were green they were so good. Also I got to have fun going on a hike with Mr. Clark and we got to see where the two prisoners who escaped crossed.

I also loved going on the nature trail with Mr. Engstrom and Mrs. White having fun. Those are some of my favorite memories with teachers and friends.

by Kailey Crump

My favorite elementary memories are going to the beach in 1, 2, 3, 4, and 5 grade. Another memory I have is going on the hike in 4th grade. My favorite teacher is Mr. VanLeuven because he taught me how to make a dot plot and a histogram in math. In science he taught me how a hydroelectric dam

works and took us on a field trip to a dam and were the electricity is produced. My favorite day of this year is the free day that we got.

by Tanner Currier

One of my favorite memories is when I was in Kindergarten trying to make new friends for the first time. Each year when we went hiking it gave me momentum to finish the year. I knew I could do it as long as I would go hiking. Every year we went to the beach. We would always do activities and we would

go swimming. Every year I would get a good teacher. But the best teacher was Ms. Corcoran when we read Percy Jackson and The Lightning Thief.

by Blake Adam DeShaw

My favorite memories in Elementary are: One memory is when I was part of Mr. Brand's first class as a teacher. This was one of many of my memories. My second memory is when I ran the mile and came in first, and that's another one of my many memories. My third memory was when we went to the hydroelectric dam. We got to go in the dam, it was really loud. This is another one of my memories. These are 3 of my most treasured memories. **by Aidan James**

I have made many enjoyable memories in Elementary School. One of my favorite memories in Elementary School is most likely having a field day. Field Day is very fun, I love sports, and competitions, and on Field Day you do a bunch of different events while competing against others classmates.

Another one of my favorite memories in Elementary are the teachers. In all of my classes so far every teacher was very enjoyable to be around and working with this includes, Mrs. White (the gym teacher), Mr. Engstrom, Ms. Pcolar, Ms. Rose, Mr. VanLeuven, Ms. Corcoran, Mrs. Brosell, and many others.

A third of my favorite memories in Elementary is the students/classmates in this school and some that have moved that I still hang-out with. It is nice working with a partner because you can add your ideas together and make your answers better. I like my friends a lot, and have made many memories with them.

I have also enjoyed recess and playing soccer outside. Now none of these are in order from least to greatest they are all my favorite. I have made many enjoyable memories in Elementary whether it's between friend or teachers.

by Marygrace Guiney

Hi my name is Alexis James and I moved to PHCS in 4th grade. My favorite memory is when I met all of the great people

that I now call my friends. They are Kayleigh Sheldon, Natalie Snell, Gabby Parker, Hunter LaPage, and Kylie Kirk (but she moved away).

Another favorite memory I had was when we went on a hike with Mr. Clark, Ms. Pahler and some of the high school kids in 4th grade. At the top it was pretty and the sight was amazing.

Also, at the beach day in 5th grade. It was so warm out and the water was so nice, me and some of my friends went swimming. When we were walking back to school I was dropped off at my house, and I jumped in the pool. It was so fun.

These are all of the memories I had in Elementary, and I will always remember these memories.

by Alexis Rose James

My greatest memory in Elementary was in fourth and fifth grade. In fourth grade (the first day) I met my best friend Alexis James. Alexis and I have been friends for 2 years now, and we always get along. In fifth grade it was almost the last day of school and my class went on a hike. We hiked with Ms. Rose, Ms. Pcolar, and Mr. Clark. These are two of my greatest memories in Elementary school.

by Hunter LaPage

I remember one memory is going to the beach with Ms. Pcolar and Ms. Rose, and also Ms. Clark-Vallance. We played water balloons, swam, and played Tetherball. Another memory is meeting Ms. Reid when I was in Kindergarten. She was pretty cool and fun and talked about rules for school. Another memory is when I met Mr. VanLeuven for math. He taught me how to construct a dot plot.

by Jacob Martin

My favorite memory is when we were doing dot plots because when I struggle and when I don't know Mr. VanLeuven would help me after I tried my best to figure it out. My other memory is when I was in second grade my whole class in my old school we went ice skating for a class field trip. My other memory is when my teacher had us read Bud Not Buddy and then she had us do the rules then we would have a chapter to read in Bud Not Buddy. I also remember when I first moved to this school I made new friends and I had a great day. I also remember when I was in Kindergarten I was shy and nervous. I also made new friends when I was in Kindergarten. I also did fun crafts in Kindergarten. I also remember in sixth grade my math teacher, Mr. VanLeuven, is the best math teacher I had. He also taught me and the whole sixth grade dot plots and how to draw the dot plots. He also taught his whole sixth grade class and the other classes what histograms are and he also showed us how to draw the histograms.

By MicKyle Morehouse

My favorite Elementary memories are getting my first ever friends in order: Cash, Nicholas Snell, Trentin Eakins, Hunter LaPage, Gavin Wagstaff, Jacob Perry, and Indigo Pease.

My second favorite Elementary memories are Computer class, Science class, Math, Social studies, English Language Arts, Art, and Study hall.

My third Favorite Elementary memories are being able to use computers to make a book. I made an alien book because I am interested in aliens.

My last favorite Elementary memories are getting into 6th grade and passing it.

by Nicholas Newton

My favorite school memories were, when I went to the dam and the powerhouse this year for a trip. We learned how the dam opened and closed and what the powerhouse is for. Something else I remember is in fourth grade when we did not have a lot of homework and Ms. CV made us food for Christmas. My favorite grade fourth, this was my favorite grade because Ms.CV let us play our electronics for a little bit and I learned a lot in math and science these were my favorite subjects and they still are today. I remember the first time I came to school here in first grade and I did not think I would make friends but I made friends and I'm still friends with these people today. I also remember when I

went on a field trip the to the soap factory in fifth grade and we got to keep some of the soap. These are some of my favorite school memories because I learned a lot of things while having fun.

by Michael Orologio

I remember in Pre-K I was shy and stayed clear of everyone, until I met my first friend Sharon Colbert who helped me open up a little to other people. I also remember in first and second grade when we went to the beach. We made tie-dye T-shirts to distinguish us from other people at the beach. I remember when my teacher, Ms. Knowles, Sharon, and I would joke around during play time instead of playing with the other kids. And how my friends and I would celebrate getting our first 100's during recess. These memories are just a few of my favorite memories in elementary school.

by Brianna Parker

My favorite memory was in Pre-K when we got to ride the "big kid bus". My brother asked Tim if I could sit in the back with him and he said yes. That was back when my brother was nice to me that's why it's one of my favorite memories. My second favorite memory was when I went on my first hike in 4th grade it was really fun because we got to walk with our friends and eat lunch at the top of the mountain. My last favorite memory was when I came back to PHCS in 4th grade because all of my friends welcomed me back. There are a lot more of memories but these were definitely some of my favorites.

by Gabrielle Parker

I also like the softball throw. I am pretty good at that as well.

Another memory is meeting my friend, Ahanu, on the bus. He started riding the bus when he was in first grade. He is in third grade now. We used to sit together every day and play my iPad.

My last memory is doing beach day. I like the fun games like monkey ball, 4-square, 9-square, and most of all the swimming. I like how I can pack and bring my own lunch.

These few memories from my past in elementary school at PHCS are my favorites, and those are just a few.

by Jacob Perry

My favorite elementary memory is the first day of gym. Nick S. accidentally kicked me in the face with a soccer ball. Ever since then we have been friends and I learned to love soccer.

My second favorite memory is when I scored my first goal as a midfielder. I have played and scored goals as a midfielder ever since.

My third favorite elementary memory is when in 5th grade we had beach day and played fun games. My fourth favorite elementary memory is when we had Global Play Day and played Spud in the snow.

by Indigo Pease

I remember on my first day of Kindergarten I was nervous and excited. I met new people and made new friends. It's been 7 years now and I am still friends with my classmates.

I also remember when we read the Laura Ingalls Wilder series in 4th grade with Ms. Clark-Vallance. Those books were really fun and very well written.

Another memory is the trips to the beach that happen almost every year. Activities like the water balloon toss, swimming, monkey ball, and food made it fun.

I have many fond memories of elementary school, and these are just a few.

by Cassia Sago

My favorite school memory is the first time I rode the school bus in head start. I was pretty excited to meet my first bus driver, Wally, and the bus aid, Mrs. Remington. She helped with the little kids on the bus. She now helps with other little kid classes. Another memory is doing field day. I like doing the fun games that they do. My favorite game is the obstacle course. I am really good at that.

My favorite memory is when I met Nick Snell we've been friends ever since PRE-K. My second favorite memory is when I graduated Kindergarten. My third favorite memory is when we got the wooden necklaces in first grade. My fourth favorite memory is when Miss Shannon gave us the day off on St. Patrick's Day in

second grade.

My fifth is when I was in Mrs. CV's room because we would all watch hockey and movies all the time and on Christmas she made us breakfast like pancakes and hot cocoa in 3rd grade. My 6th favorite memory was when Miss Pahler brought us the cool shells from Florida in fourth grade. My 7th is when I met Trent Church in 5th grade.

My 8th favorite memory is when the beach day was on my birthday and my mom had that day off so we all got to have whoopie pies on my birthday in 5th grade. My 9th favorite memory is when I was able to use the Chromebooks in 6th grade. My 10th favorite memory is when we went to the hydroelectric dam in 6th grade.

by Gavin Sheldon

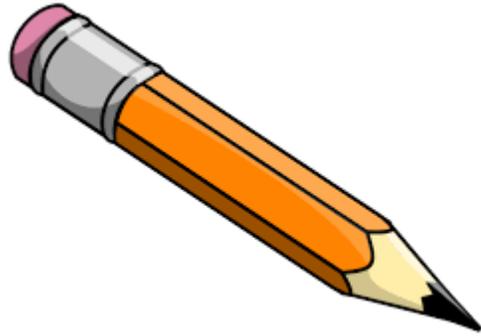

My Favorite Elementary memories are when I first came to this school I made lots of friends throughout the years. I remember having fun with my new teachers and learning. When it was my first day going to school I was all happy when I got on the bus I saw a lot of kids, these kids were my friends every year. In kindergarten we got to go on field trips, they were cool and when they showed us how the things worked and my mind was blown. In first grade we were celebrating Halloween, we got

all dressed up and walked around the parking lot Then we got to leave early. In second grade we were working on a play about bullying and I had to scream. In third grade I had learned about division and in 4th grade it was almost the end of the year when

we went on a hike. My friend and I went swimming and when I got to 5th grade I had a cool teacher and we had a party at the end of the year.

by Kayleigh M Sheldon

I have many memories from elementary that I treasure. Here I am going to tell you two memories that I treasure the most. One of my favorite memories is field day. I look forward to the field day every year. I like the field day so much because I like to compete. Tug-a-war is my favorite memory in elementary school. Another one of my favorite memories in elementary is in Ms. Rose's class. It is when

we were working on our books. I like this memory so much because everyone had a different idea in their book and it was fun reading them. Those are two memories I have treasured the most. Those memories I will always have and remember.

by Jon Snell

In 4th grade Gabby Parker came back to P.H.C.S and was in my class. At recess I asked her if she wanted to be friends and she said yes and we've been best friends ever since. A second favorite elementary memory is when we went to the bowling alley in [Pre-k or Kindergarten] it was so much fun with all my friends! A third elementary memory is when we went to the beach one year and Emma Young and I did everything together that day, we have been best friends ever since. These are just a few of many of my favorite elementary memories.

by Natalie Snell

My first favorite memory of Elementary school was when Gavin Sheldon moved here in Pre-K. We've been friends ever since. Another favorite memory of mine was in 4th grade when we climbed Loon-Lake Mountain. My group and Kayleigh Sheldon's group were one of the first groups to the top.

My last favorite memory was when I got awarded to go to an art show in 5th grade. It was so awesome to me because at the time I was really into art. I have a lot more memories. These were just a few of my favorites.

by Nicholas Snell

One of my favorite memories had to be when I was in 5th grade. We went on a hike up a mountain, and it was really fun to do. Another one was during Grandparents' Day. While we were playing bingo my sister

Chloe won a round after she called out the number that she needed, that number was the one on the ball.

One more was my entire 4th grade year. I had Ms.CV who is always really nice. Also during that year the Clarkson Golden Knights hockey team ended up playing a kickball match against our class. Overall it was a really good and fun year. I've made a lot of good memories at P.H.C.S, these were just a few of the many.

by Ashley Vangellow

My favorite memory is when I took a field trip to the Parishville Dam. It is my favorite memory because I got to hang out with my friends and see it open. When it opened 1 foot it was strong enough to wash

a grown person away. There was a rock which people liked to sit and tan, but they would only have 5 seconds to get out or else you would get washed away downstream and it was too powerful to fight.

Then after that we went to the powerhouse it was pretty fun to learn how they would weld the water pipe there if it cracked. They would empty it out send people in and weld it from both sides and then it would be done.

When they wanted to open the dam they would use a computer so that instead of walking there, they would click a key on their computer in Massachusetts.

by Gavin Wagstaff

When I first started school I met my best friend Natalie Snell and we have been friends ever since. Another one of my favorite memories is when I won the spelling bee in 1st and 2nd grade.

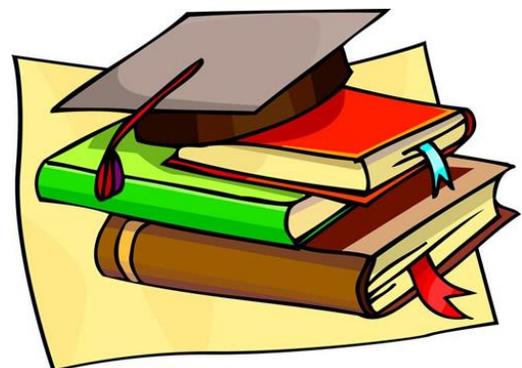

I also have lots of memories from field days and our beach trips, such as when we did the egg toss in 3rd grade it was funny to watch everybody get covered in egg.

My favorite teacher was Ms. Pahler. She always taught me to never give up, and always try my hardest to be the best person I can.

These are just a few of my memories from elementary school!!!

by Emma Young

I have so many fun memories from Elementary School. In every grade, there was always something special about each teacher.

I don't remember the first day of Head Start, but I do remember my teacher, Ms. Jessica. It was so fun in her

class, show-n-tell, class lunch, I met my very first best friend, but sadly in second grade she moved away. Then in Kindergarten I met another of my best friend, Brianna. I learned to read, write, and do math. Thanks to Ms. Knowles.

1 and 2 grade were the best years of Elementary school! It was WONDERFUL! 1st grade I got to meet all the second graders because, Ms. Shannon and Ms. White are best friends. The teachers would always open the wall/door, birthdays, holidays, parties, and when the whole class would make tie-dye shirts for beach day! And every time Ms. Shannon asked a question and you got it right you would get a piece of candy. I know a lot of the present 7th graders because of Ms. Shannon! And Ms. White was such a patient and kind teacher. Ms. Shannon was a good teaching-teacher and kind as well.

In 3 and 4 grade I had the some AWESOME teacher, Ms. C-V. her and her student teacher, Mr. Storie gave a nickname, Sharona. In her class we had parties...often. Ms. C-V showed me the series "Little House on the Prairie. The Long Winter is my favorite book out of the books. If you like the 1800's then i suggest you read this this series.

Lastly, 5th grade I was in love with the crazy awesome Library in Ms. Rose's room!!! Ms. Pcolar was my math/science teacher, my class did a project on constellations. I had "Draco" it looks like a Chinese dragon.

I loved Elementary school. It would take all day to list all the good memories!!! :]

by Sharon Colbert

One of my favorite memories is of the Field day, when we were out in the field for tug of war. I was in the back of the line, I fell and pulled and everybody helped, with the joint effort of everybody we won.

Mrs. C-V when we had parties, we had fun with her. Everybody had fun watching Jacob Martin fall asleep.

The first day of school meeting friends was fun, wish I was still in kindergarten, I moved up and it's almost been 7 years.

At the beach we had lots of fun and going on a field trip with Mrs. Corcoran and Mr. V. was fun, and learning new things.

It has been 7 years and I am moving onto 7th grade, hope it moves fast. Thanks to all the good teachers.

by Jacob Remington

In my school PHCS, we have had a lot of memories. Below are some of my best memories in elementary school.

My favorite memory out of all the memories is when the school had a tree where we could write someone's name on a piece of paper that was lost to cancer so we could remember there life and how cancer affects some people and

their relatives. Another memory is my first day of school, on my first day of school i was very excited to go and meet new people and learn new things every day. There are more memories such as the first hiking trip our class went on. There are so many more memories to share but these are just some of them. Soon i will be going to seventh grade and leaving elementary school, so I would like to cherish these memories.

by Trentin Eakins

**Good Luck in Junior High,
6th graders!
We will miss you!**
