

Parishville-Hopkinton Central School District Notice of AIS Process

The Parishville-Hopkinton Central School District provides Academic Intervention Services (AIS) to students who score below the state designated performance level on state assessments and/or who are at risk of not achieving the state learning standards as measured utilizing a variety of district determined assessments.

Academic Intervention Services (AIS) means additional instruction, which supplements the instruction provided in the general curriculum. Academic Intervention Services are intended to help eligible students achieve the NYS Learning Standards in English language arts, mathematics, social studies and/or science. Additionally, students who are at risk of not gaining the knowledge and skills needed to meet or exceed designated performance levels on state assessments are required to receive AIS. These services may include:

- Additional instruction that supplements the general curriculum and/or
- Student support services needed to address barriers to improved academic performance.

The intensity of AIS may vary; it is designed to respond to student needs as indicated through State and/or district, formal or informal assessments.

Districts will identify students to receive AIS through a two-step process. First, all students performing below the median scale score between a level 2/partially proficient and a Level 3/proficient on a grade 3-8 English language arts (ELA) or mathematics state assessment shall be considered for AIS. Upon identification of a student for consideration for AIS, districts shall then use a district-developed procedure, to be applied uniformly at each grade level, for determining which students shall receive AIS. After the district considers a student's scores on multiple measures of student performance, the district determines whether the student is required to receive AIS.

The tables below depict the district developed eligibility and exit criteria, to be applied uniformly at each grade level, for determining which students qualify for AIS in grades K-12.

Eligibility for AIS: Identification for AIS and intensity of service is based on multiple measures for each grade and subject area: Grades K-12 ELA and math, Grades 4-12 includes social studies and science. Students shall be considered for AIS at levels Tier 1-3:

The measure used, as well as, degree of discrepancy is taken into account. |
